

Investment Product: CVFS Shares

We have two types of investment products our pure SEIS & EIS eligible CVFS shares or our Crypto Basket which enables you to purchase a mixture of 50% shares and 50% crypto.

CVFS Shares

CVFS Shares give you ownership of our business, low risk exposure to crypto currencies and entitle you to additional benefits across our platform.

Crypto Basket

Our crypto basket gives you a split between shares & bitcoin and is our main crypto product. When you invest in us your account is loaded with carefully selected cryptocurrency.

Investment Types

We have two investment types, involving either a lump sum investment, or smaller periodic regular savings. With three investment packages to choose from, each package can be tailored to suit your individual needs.

Lump Sum

Our lump sum packages are designed for investors who want to obtain exposure to the crypto currency market with a one-time investment.

Regular Saver

Our regular saver packages allow investors to increase their investment amount with regular monthly investments.
